CONCURRENT ENROLLMENT STUDENT RESPONSIBILITY FORM

Students who wish to concurrently enroll at another school while maintaining their immigration status with OU must request and receive a Concurrent Enrollment letter from OUHSC **prior** to enrolling at the second school. In order to receive permission to concurrently enroll, students must be in good academic, financial and immigration standing.

Students must initial and sign this form when the Concurrent Enrollment permission letter is released by OU ISS to the student.

_____ I intend to enroll at _____ (school name) for the _____
(semester) in the following courses: _____

_____ I understand that taking the same course repeatedly for credit at a second school could jeopardize my immigration status. An OUHSC International Student Advisor has advised me about taking courses under concurrent enrollment.

_____ I understand that my concurrent enrollment must be an integral part of my degree curriculum if I intend to count it toward my minimum enrollment requirements.

_____ I understand that I must complete my concurrent enrollment with a letter grade in order for it to count toward my minimum enrollment requirements.

_____ I understand that my concurrent enrollment permission is authorized for one campus only for the semester indicated.

_____ I will provide OUHSC ISS with a transcript of my completed credit as soon as the grades have been posted and the transcript becomes available, or no more than 30 days after the completion of course credit. Failure to provide proof of concurrent enrollment credit completion could negatively affect my immigration status, up to and including a termination of my status.

I understand the US federal restrictions and regulations pertaining to my concurrent enrollment.
