

## FINAL EXAMINATION SCHEDULE

The following updated final examination schedule aligns with the University of Oklahoma Health Sciences policy and procedures to accommodate the scheduling of examinations during finals week, allow for a make-up day in clinicals (if needed), and ensure that students do not have multiple examinations on any given day. Per University Policy, final exams are not given early nor are there more than 2 exams on any given day per student.

The final examination date and time is announced to students in the course syllabus/agenda, which is distributed at the beginning of the semester. Please review and update your academic calendar to note the dates specified for fall 2024 final examinations. If you have any questions please contact your instructor immediately.

### **Monday, December 2**

MIRS 3152 Patient Care Laboratory	9:00 AM
MIRS 3551 Introduction to Nuclear Medicine	1:00 PM

### **Wednesday, December 4**

MIRS 3460 Clinic Radiography Discussion	10:00 AM
MIRS 3660 Clinical Radiation Therapy	10:00 AM
MIRS 3133 Rad Imaging Laboratory	2:30 PM

### **Friday, December 6**

MIRS 3193 Radiation Physics	8:00 AM
MIRS 3133 Rad Imaging Laboratory	9:30 AM

---

### **Monday, December 9**

MIRS 3152 Patient Care Lecture exam	9:00 AM
-------------------------------------	---------

### **Tuesday, December 10**

MIRS 3560 Clinical Nuclear Medicine Technology	8:00 AM
MIRS 3860 Clinical Sonography	10:30 AM
MIRS 3133 Radiographic Imaging I	10:30 AM

### **Wednesday, December 11**

MIRS 4173 Principles of CT	10:00 AM
----------------------------	----------

### **Thursday, December 12**

MIRS 3873 Abdominal Sonography	9:00 AM
--------------------------------	---------

### **Friday, December 13**

AHS 4433 Pathology	8:00 AM
--------------------	---------

## FINAL EXAMINATION SCHEDULE

The following updated final examination schedule aligns with the University of Oklahoma Health Sciences policy and procedures to accommodate the scheduling of examinations during finals week, allow for a make-up day in clinicals (if needed), and ensure that students do not have multiple examinations on any given day. Per University Policy, final exams are not given early nor are there more than 2 exams on any given day per student.

The final examination date and time is announced to students in the course syllabus/agenda, which is distributed at the beginning of the semester. Please review and update your academic calendar to note the dates specified for fall 2024 final examinations. If you have any questions please contact your instructor immediately.

### **Tuesday, December 3**

MIRS 4553 Nuclear Medicine Procedures	9:30 AM
MIRS 4232 Advanced Radiographic Physics	10:00 AM

### **Wednesday, December 4**

MIRS 4860 Advanced Clinic Sonography and Capstone	8:00 AM
---	---------

### **Thursday, December 5**

MIRS 4533 Imaging Devices (Lecture)*	10:00 AM
MIRS 4460 Adv. Clinical Radiography Discussion	10:00 AM
MIRS 4660 Adv. Clinical Radiation Therapy & Capstone	11:00 AM
MIRS 4614 Physics of RT*	1:00 PM

---

### **Monday, December 9**

MIRS 4842 Cardiac Sonography II	9:00 AM
MIRS 4560 Advanced Clinical Nuclear Medicine	10:00 AM
MIRS 4143 Principles of MRI	10:00 AM

### **Tuesday, December 10**

MIRS 3112 Pharmacology	10:00 AM
MIRS 4803 Ultrasound Physics I	10:30 AM

### **Wednesday, December 11**

MIRS 4173 Principles of CT	10:00 AM
MIRS 4723 Principles & Practice III	10:00 AM

### **Thursday, December 12**

MIRS 4852 Vascular Sonography II	9:00 AM
----------------------------------	---------
