Once a student has submitted a request to inspect his or her record, an institution must comply within 45 days. When the student has an outstanding financial or other hold on the record, the student will maintain the right to review his or her education record. He/She does not have the right to obtain copies unless failure to do so would effectively deny the student the right to inspect and review the record. Also, that student does not have the right to request a transcript sent to a third party until the obligation is fulfilled.

**Parental Access to Student Academic Records:**
